

## EUREKA

design Giuseppe Viganò - 2013

Pure and essential silhouettes are the soul of the Eureka bed. The quilting defines the volumes of the headboard, enhancing its softness and adding a touch of colour which draws attention to itself.

Eureka is a soft and inviting bed, available in both the single and double versions. The cover is available in fabric or leather and stands out for its visible decorative stitching, available in six different colours (white, beige, pale grey, dark grey, red and blue). The feet are made of metal painted in white, anthracite grey, dove-grey or matt amaranth.
