~ CONTEMPORARY DESIGN TO BE ADORED ~

### Antonia Adore

Antonia's familiar lines are inseparably linked with the Leolux collection. Its solid design and timeless character make this sofa legendary, the Queen of the collection.

For the "Adore" version, the Leolux designers were looking for new solutions within the classic Antonia shape. The result is a series of sofas with contemporary top comfort and detailing that suits contemporary interiors. Leolux has translated the richness of the Adore series into a characteristic wooden strip called "Rico" under the seat, in timeless oak or precious walnut.
