~ MASTERPIECE IN EUROPEAN OAK ~

Aurelio

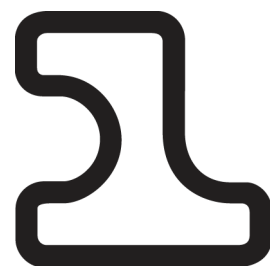

When your table is the centrepiece of your home, an ordinary dining table won't do. Your home needs a special object, a masterpiece.

Designer Hugo de Ruiter gave the carpenters at Leolux the opportunity to showcase their expertise. The result is Aurelio, a solid oak dining table which really deserves a place in the spotlight. The rounded corners from one piece of wood are the masterwork of this table, which requires great craftsmanship and a high-quality production process. The direction of the grain of the wooden corner parts runs parallel to the grain on the legs, which are diagonal to the corners. In the finishing of the table top, you can also observe the eye for detail that is so characteristic for the high-quality Leolux products.

For the solid wood Aurelio, only the best European oak is used. Aurelio by Leolux, a European masterpiece for your hospitality.

Features

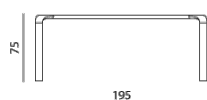

- Dining table in three lengths: 190, 220 or 240 cm
- Aurelio is made from solid oak, in all Leolux oil and stain colours.

Leaf + legs

Solid oak in all Leolux oak oil or stain colours.

Gliders

Felt.

Special features

The table is delivered unassembled.

The table leaf is 71 cm high at the lowest point.

The underside of the solid oak leaf is strengthened against warping.

Size of the table is based on the leaf size. The maximum size is slightly larger because of the protruding feet.
