~ CHARACTER GROWS WITH TIME ~

A solid wood table will show signs of use over the years. That gives it extra character. The aluminium strip under the leaf lends Vivre an extra-robust appearance, but Vivre is really practical too. The feet slide with it as you extend this table, so they stay where they belong: at the corners.

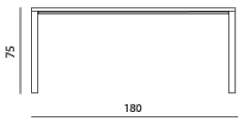

- Available as extendable dining room table (one or two x 52 cm) with a large number of sizes (width 90 or 100 cm).
- Vivre is finished in solid walnut (oil or matt lacquer) or oak (oil, oil Pale White or stain).
- At its lowest point, the table leaf is 69 cm high.
- Extra option: height +1 cm.
