GRADIENT 180

Material: Polietilene / Polyethylene

Gross Weight:  
Art. 6272 - Kg 8  
Art. 6273 - Kg 9,6

Use: **INDOOR / OUTDOOR**

Divisorio modulare composto da 2 pezzi di altezze diverse. L'accostamento dei moduli utilizzando le facce della base esagonale, permette di ricreare delle pareti di divisione degli spazi, più o meno regolari a seconda della necessità. Due o pochi elementi accostati possono dar vita inoltre a composizioni estremamente suggestive, creando piccoli giardini di fili d'erba fuori scala.

*Modular partition made up of two pieces of different heights. The combination of modules using the sides of the hexagonal base allows you to create wall partitions to divide the spaces, in a more or less regular manner, depending on your needs. Two or just a few combined elements can also create some extremely suggestive compositions, creating small gardens of rows of out of scale grass.*
