

BONALDO

LEI HI

design Dondoli e Pocci

An image that emphasises the value of the technical dimension and of the object functionality.

Lei hi is part of an extensive collection of shape and colour variants; this stool has a steel frame and a chromed or satin finish chromed base. The body is available in glossy black or white polypropylene, or in the version with fabric, leather or emery-leather upholstery. Another four chairs complete the collection: Lei (with four legs), Lei si (with sliding base), Lei four (with four spokes) and Lei tech (with swivel base).
