

REST TOO

design Dondoli e Pocci - 2011

Simple and elemental, owing to its versatile design, this chair can be interpreted in a number of ways and can accommodate various styling requirements.

Rest too is a stool, available in two sizes, with polyurethane padding, steel legs and upholstery in fabric, skay (eco-leather) or leather. An eco-leather edge can be applied to enhance the appeal of the seat and backrest further. Another four chairs complete the collection: Rest, Rest up, Rest hi, and Rest down.
