

BONALDO

SYM

design Karim Rashid

Surprising, simply, for the fact that it is an object-subject with a starring role. For the essential yet unique shape, for the fluidity of its volumes.

The Sym stool is available in two heights. The frame is made of steel: chromed or painted white; the seat is made of soft polyurethane, in matt white, red, pink or anthracite grey.

SEAT:

white matt polyurethane
red matt polyurethane
pink matt polyurethane
anthracite grey

FRAME:

painted matt white
chrome-plated
