

LINGOTTO

design Gino Carollo

A high-impact appearance, capable of making the dining area truly unique thanks to its refined elegance; a precious and scenic table, as the very name suggests.

Lingotto is an extending table with a glossy stainless steel base. The table top, embellished by an engraving with a lattice-work design, is available in blackpearl glass, black acid-treated glass and white acid-treated extra light glass or in anthracite grey polished oak. The automatic extension mechanism is characterised by a central extension in matt black or white lacquered wood.

TOP/EXTENSION:

anthracite grey polished veneered oak wood/lacquered anthracite grey wood

blackpearl glass/lacquered matt black wood

black acid-treated glass/lacquered matt black wood

white acid-treated extra-light glass/lacquered matt white wood

BASE:

glossy stainless steel
