

BONALDO

FLI

design Peter Ross

A design aimed at the pursuit of lightness, through the adoption of an elemental style.

Fli is a fixed or extending table with steel legs, chromed or painted glossy white, glossy black, matt silver, or matt anthracite grey. The table top is available in black painted glass or white painted extra light glass, or in an innovative lightweight and resistant material, with black or white laminate finish. Fli is equipped with independent manual extensions that increase the support surface according to requirements.

TOP/EXTENSIONS:

- black painted glass/black laminated Doluflex®
- white painted extra-light glass/white laminated Doluflex®
- laminated white Doluflex®
- laminated black Doluflex®

LEGS:

- painted glossy white steel
- painted glossy black steel
- painted matt silversteel
- painted matt anthracite grey steel
- chrome-plated steel
