

## GLOVE

design Giuseppe Viganò

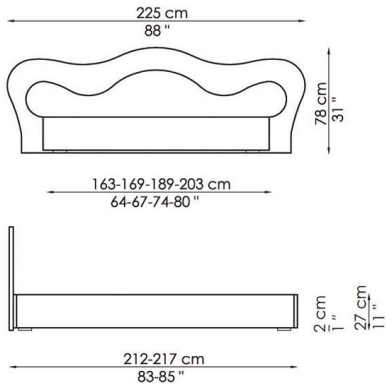

This bed stands out thanks to the undulated lines of the headboard, taking pride of place in any bedroom. A furnishing element that adds a delicately and slightly retro touch to any décor. Glove is a double bed with an emery leather bed surround and glossy lacquered headboard in black or white. The wooden feet match the colour of the headboard, as does the stitching. Also available in the storage version.

HEADBOARD:  
lacquered glossy white
