

CANDY

design Giuseppe Viganò

A bed that is also a play mate, with bright colours that create a fairy-tale ambiance.
A soft, cradling and reassuring friend that is also designed to grow at the same pace as the child.

Candy is a collection of single beds offering a number of different styling solutions to suit all settings. Thanks to the opening base, it can be fitted with drawers or a second bed. The fully removable upholstery covers are available in fabric, skay (eco-leather) or leather; there is a wide range of feet versions to choose from. The Candy collection is also available in the storage version.
