

PISOLO

design Dora Monti

The practical convenience of a children's bed which adapts perfectly to environments with different shape-related characteristics.

Pisolo is a collection of single beds offering a number of different styling solutions to suit all settings. Thanks to the opening base, it can be fitted with drawers or a second bed. The fully removable upholstery is available in fabric or skay (eco-leather); the feet available can be chosen from a broad range of options. The Pisolo collection is also available in the storage version.
