

PONGO

design Dora Monti

To keep at hand and within easy reach - both day and night - a whole array of things which our children keep as play mates. Pongo is a collection of single beds offering a number of different styling solutions to suit all settings. Thanks to the opening base, it can be fitted with drawers or a second bed. The fully removable upholstery is available in fabric or skay (eco-leather); the pockets are finished with decorative bows. The feet available can be chosen from a broad range of options.

The Pongo collection is also available in the storage version.

COVER:

fabric

skay (eco-leather)

The pockets have a series of bows that can be made in the same fabric of the bed or in the following colours: ecru, red, yellow, blue.

FEET:

- PONGO

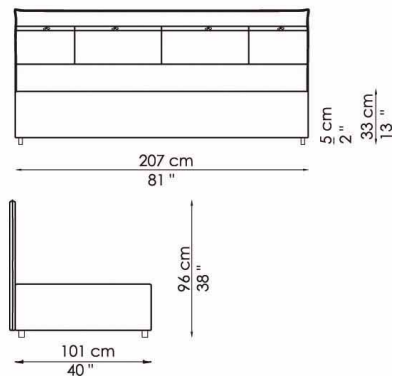

silver painted metal

- PONGO CONTENITORE

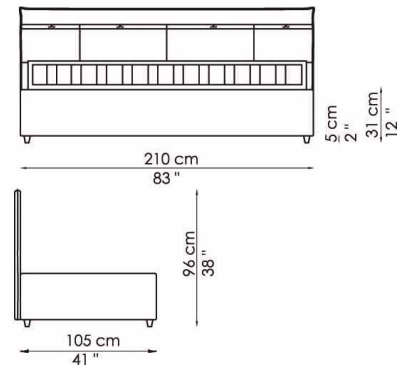

silver painted wood

On request, optional castors
