PACO

design CRS Bonaldo

This bed is a discrete part of the bedroom, while emphasising its atmospheres.

Paco is a collection of single and double beds featuring removable upholstery in fabric, skay (eco-leather) or leather; the feet are available in a broad range of options. Thanks to the opening base, it can be fitted with drawers or a second bed. Also available in the Mister Paco (with middle base and visible feet) and Open Paco (with storage) versions.
