

AURA

design Gino Carollo - 2012

To create an elegant and refined atmosphere, to distinguish and characterise a setting.

Aura is a coffee table with a rounded shape, made with a high density polyurethane base lacquered matt white, matt anthracite grey or matt quartz grey; the glass table top is available in the white acid-treated extra light white and black acid-treated finishes. Only in the white lacquered polyurethane version, it can be fitted with a LED light source (Aura Light).

FRAME:

lacquered mat white polyurethane
lacquered mat anthracite grey polyurethane
lacquered mat quartz grey polyurethane

TOP:

white acid-treated extra-light glass
black acid-treated glass
