

BONALDO

VOILÀ

design Max Piva - 2010

The expressive force of materials that enhances the modern appeal of the living room to the maximum. Voilà is an original coffee table. In the plexiglas version, it stands out for the appeal of its transparency and for a range of colours of doubtless vivacity: it is available transparent, smoked, orange, yellow or blue. The sheet metal version is painted matt in white, anthracite grey and dove grey and emphasises instead the interest in its geometrical structure.

FRAME:
