

## TECTONIC

design Alain Gilles

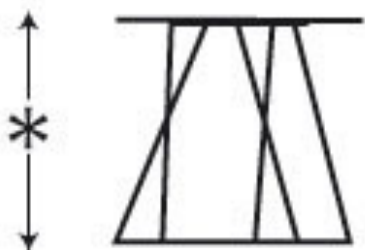

An object that gives you the chance to create original geometric shapes by combining several elements creatively. The Tectonic coffee table has a steel wire or solid sheet metal table top; it is available in glossy painted steel in white, black, red, blue or purple, or in matt anthracite grey. It can be used stand-alone or in compositions, in the living room or in the bedroom.

### FRAME:

- painted glossy white
- painted glossy black
- painted matt anthracite grey
- painted glossy red
- painted glossy blue
- painted glossy violet
