

BONALDO

JAG

design Mauro Lipparini

An absolute and harmonious continuity between the shapes of the backrest, seat and frame: balance and comfort.

The Jag chair has a steel frame and polyurethane padding. The base is made of plate metal: chromed or painted glossy white or matt anthracite grey; the upholstery - which is available in leather, skay (eco-leather) or fabric - is fully removable. Also available with armrests, in the Jag arm version.

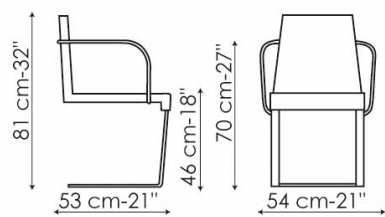

UPHOLSTERY:

fabric
skay (eco-leather)
leather

BASE:

painted glossy white
painted matt anthracite grey
chrome-plated
