

BONALDO

RAZOR

design Mauro Lipparini - 2011

An ergonomic balance of shapes supported by the relationship between graphics and comfort, between frame and seat. The Razor chair has polyurethane padding and a fabric, skay (eco-leather) or leather upholstery. The base is available in two versions: with four legs or with a metal rod frame (Razor X), in steel, which can be chromed or painted in a variety of colours.

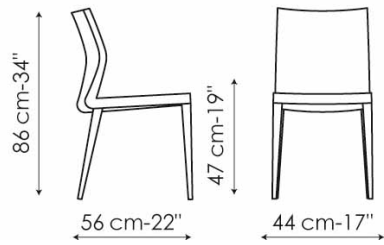

UPHOLSTERY:

fabric
skay (eco-leather)
leather

LEGS:

painted matt white
painted matt anthracite grey
painted matt orange (Razor X only)
chrome-plated
