

BONALDO

IDOLE

design Dondoli e Pocci - 2010

Lightweight use and image, emphasised by the design of the backrest, which is marked by its single opening. Idole is a stackable chair with a monocoque body in rigid polyurethane, a fireproof material that guarantees excellent resistance and easy maintenance. The body is available in a matt finish in white, ivory, red, anthracite grey and dove grey; the legs are made of aluminium, painted the same colour as the body.

BODY:

white matt polyurethane

ivory matt polyurethane

red matt polyurethane

anthracite grey matt polyurethane
