

# BONALDO

## LEI

design Dondoli e Pocci

An image that emphasises the value of the technical dimension and of the object functionality.

Lei is part of an extensive collection of shape and colour variants; this chair has a steel frame and painted or chromed legs. The body is available in glossy black or white polypropylene, or in the version with upholstery, in fabric, leather or emery-leather. Another four chairs complete the collection: Lei si (with sliding base), Lei four (swivel base with four spokes), Lei tech (with swivel base) and Lei hi (stool).
