

BONALDO

ORION

design Jarrod Lim - 2013

A precious coffee table inspired to the circular route taken by stars while the earth rotates.
The base of Orion consists of steel wires painted white or matt anthracite grey. The top is made of extra-light glass painted or acid-treated in black or white; another option is the anthracite grey Laminam® top.

FRAME:

painted matt white
painted matt anthracite grey

TOP:

white painted extra-light glass
black painted extra-light glass
black acid-treated extra-light glass
white acid-treated extra-light glass
anthracite grey Laminam® (Orion Ø50, Ø100 only)
