

#### EXPLICACION DEL MODELO

Más es mejor. Más respaldo, más suave, más madera, más pequeño, más redondo, más confortable, más detalles, más práctico, más popular.

El último proyecto de Rafa García cubre todas nuestras expectativas. Como su nombre indica, Folk es una propuesta popular en todos los sentidos: precio competitivo, máxima comodidad, medidas muy ajustadas, artesanía y reminiscencias vintage.

La comodidad ha sido una prioridad en el desarrollo del modelo. Gracias a la suavidad de sus almohadas, las proporciones del respaldo y su altura, hemos conseguido crear una sentada que te abraza y te permite recostar la cabeza sin necesidad de recurrir a ningún mecanismo.

La colección está compuesta por 4 sofás con y sin orejas, 1 chaise con y sin oreja, 1 ángulo, 4 módulos y 3 pufs. La opción con orejas da carácter al diseño y potencia su comodidad.

Para los respaldos y los pufs Rafa ha creado una funda opcional con un delicado acolchado que podemos incorporar a cualquier pieza.

Las almohadas de asiento y respaldo están unidas por la parte interior mediante una cremallera, ello contribuye a que ambas almohadas se adapten mejor al sentarnos y también a mantenerlas ordenadas.

Para aunar bienestar y durabilidad, el núcleo de las almohadas de asiento ha sido confeccionado con distintas densidades de espuma de poliuretano, mientras que la capa externa es de FiberDream (una micro-fibra tacto pluma). Las almohadas de respaldo, confeccionadas exclusivamente con FiberDream, son ultra-soft. Todo ello nos proporciona una sentada extra confortable.

Las patas, de madera de haya, están disponibles en natural, nogal, antracita o wengué plus.

La unión de módulos se realiza mediante carracas.

Folk se puede tapizar en tela, piel o piel sintética. Tapizado en tela es desenfundable en su totalidad; en piel o piel sintética sólo son desenfundables las almohadas.

#### DESCRIPTION OF THE MODEL

More is better. More backrest, softer, more wood, smaller, rounder, more comfortable, more detail, more practical and more popular.

The latest project by Rafa García lives up to all our expectations. As its name suggests, Folk is a popular model in every way: competitive price, maximum comfort, tight measurements, crafts and vintage accents.

Comfort has been a priority in developing the model. Thanks to the softness of the pillows, the proportions of the back and its height, we managed to create a seat that hugs you and lets you lay the head without needing any mechanism.

The collection consists of 4 sofas with and without wings, 1 chaise with and without wings, 4 modules and 3 poufs. The option with wings gives personality to this design and enhances its comfort.

For backs and poufs, Rafa has created an optional quilted cover which can be incorporated into any of the pieces.

The seat and back cushions are joined by a zip - this holds them together when sat on and keeps them tidy.

In order to join comfort with durability, the seat cushions combine various densities of polyurethane foam with an upper layer of FiberDream (feather touch microfibre). The back cushions are entirely made of FiberDream, they are ultra-soft. All this provides an extra-comfortable seat.

The beech feet are available in natural, walnut, anthracite or wengue plus.

Module joining is performed by means of a ratchet.

Folk can be upholstered in fabric, leather or synthetic leather. It has fully removable covers when upholstered in fabric; but only the cushions when the piece is upholstered in leather or synthetic leather.

#### CARACTERISTICAS

Plus c'est mieux. Plus de dossier, plus de douceur, plus de bois, plus petit, plus rond, plus confortable, plus de détails, plus pratique, plus populaire.

Le dernier projet de Rafa Garcia comble toutes nos attentes. Comme son nom l'indique, Folk est une proposition populaire dans tous les sens: prix compétitifs, confort maximum, dimensions très ajustées, artisanat et réminiscence vintage.

Le confort, a été une recherche constante lors de la conception du modèle. Grâce à la souplesse des coussins, les proportions du dossier et sa hauteur, nous avons réussi à créer une assise qui enveloppe et permet de reposer la nuque sans faire appel à un mécanisme.

La collection se compose de 4 canapés avec ou sans extensions, 1 chaise longue avec ou sans extension, 1 angle, 4 modules et 3 poufs. L'option avec extension donne un caractère particulier au design et potentialise son confort.

Pour les dossiers et les poufs, Rafa a créé une housse en option avec un matelassage subtil qui peut être incorporé à tous les modules.

Les coussins d'assise et de dossier sont unis dans la partie intérieure par une fermeture éclair. Ceci contribue à leur maintien et s'adapteront encore mieux à votre assise.

Pour conjuguer bien-être et durabilité, le noyau des coussins d'assise a été réalisé avec différentes densités de mousse de polyuréthane, tandis que la couche externe est en FiberDream (microfibre, touché plumes). Les coussins de dossier, sont confectionnés exclusivement avec FiberDream, ultra-soft. Tous ces éléments procurent une assise extra confortable.

Les pieds sont en hêtre et son disponibles en naturel, noyer, anthracite ou wengé plus.

Les modules sont réunis par un système d'ancrage.

Folk est réalisable en tissu, cuir ou cuir synthétique. Il est complètement déhoussable en tissu; par contre, en cuir ou cuir synthétique ne sont déhoussables que les coussins, la base est fixe.

# FOLK by Rafa García, 2011

# SANCAL

## IMPORTANTE

Para el buen mantenimiento de las almohadas recomendamos agitarlas enérgicamente una vez por semana. Ello evita que la micro-fibra se apelmace.

Folk se sirve montado en una pieza y no es desmontable. De forma excepcional y siempre que el cliente lo solicite previamente, algunas piezas se podrán fabricar para que sean desmontables en destino, cuando vayan tapizadas en tela. Estas piezas son: el sofá orejero de 240, el sofá de 228 y los módulos de 210.

Las solicitudes de composiciones modulares deben adjuntar un plano en planta al realizar el pedido. La mano (derecha/izquierda) se interpreta siempre viendo el dibujo de frente.

## CARACTERÍSTICAS TÉCNICAS

### TELA

- Estructura y almohadas totalmente desfundables.
- Estructura de madera recubierta de espuma HR Ultracel de 30kg y fibra de 100gr con velour.
- Bastidor de asiento preparado con cincha NEA de 80mm.
- Bastidor de respaldo preparado con cincha NEA de 60mm y confeccionado con espuma HR Ultracel de 30kg y HRSS Ultracel de 30kg.
- Brazos: estructura de madera confeccionada con espuma de 60kg, HR Ultracel de 30kg, y HRSS Ultracel de 30kg.
- Almohada de asiento: espuma HR Ultracel de 30kg revestida por una funda de algodón acolchada con FiberDream (microfibra tacto pluma).
- Almohada de respaldo: funda de algodón rellena de FiberDream (microfibra tacto pluma).
- Patas: madera de haya tintada en color natural, nogal, antracita o wengué plus.
- Funda para cabezal y puf acolchada con fibra H150gr.

### PIEL

- Estructura fija y almohadas desfundables.
- La funda para cabezal y puf no se realiza en piel.
- El resto de características son idénticas a las de la versión tapizada en tela.

## PATAS: ACABADOS Y COLORES / FEET: FINISHES AND COLOURS / PIEDS: COULEUR

HAYA / BEECH / HÊTRE Tintes / Stains / Teinture

002 030 003 006

## IMPORTANT

For the proper maintenance of the cushions we recommend one shakes them vigorously once a week. This prevents the micro-fibre clumping.

Folk is delivered assembled and cannot be disassembled. Exceptionally, and only if requested previously by the customer, some pieces may be manufactured to be disassembled at the destination, but only when upholstered in fabric. These pieces are: 240cm sofa with wings, 228cm sofa and the 210cm modules.

Requests for modular combinations must have an attached plan when placing the order. When specifying left or right side, it is always as facing the piece.

## TECHNICAL CHARACTERISTICS

### FABRIC

- Totally removable base and cushion covers.
- Wooden structure with HR 30kg Ultracel foam shell and 100g fibre with felt.
- Seat structure fitted with 80mm NEA webbing.
- Back structure fitted with 60mm NEA webbing with 30kg HR Ultracel foam and 30kg HRSS Ultracel.
- Arms: wooden structure fitted with 60kg foam, 30kg HR Ultracel, and 30kg HRSS Ultracel.
- Seat cushion: 30kg HR Ultracel foam covered with a cotton cover filled with FiberDream (feather touch microfibre).
- Back cushion: cotton cover filled with FiberDream (feather touch microfibre).
- Feet: natural beech, stained in natural, walnut, anthracite or wengué-plus.
- Cover for headrest and pouf quilted with H150gr fibre.

### LEATHER

- Fixed structure and removable cushion covers.
- The cover for headrest and pouf cannot be made in leather.
- The remaining technical specifications are the same as those for the fabric version of the product.

## IMPORTANT

Pour conserver le bon maintien des coussins, nous recommandons de les secouer énergiquement une fois par semaine. Ceci évite que la microfibre se tasse.

Folk est livré en une seule pièce et n'est pas démontable. Exceptionnellement avec une demande préalable du client, certaines pièces pourront se fabriquer en version démontable, mais exclusivement en tissu. Ces modules sont: le canapé avec extension, de 240cm, le canapé 228cm et les modules de 210cm.

Les commandes de compositions modulaires doivent être accompagnées d'un plan. Le bras droit (droit/gauche) s'interprète toujours face au module.

## CARACTERISTIQUES TECHNIQUES

### TISSU

- 100% déhoussable.
- Structure en bois recouvert de mousse HR Ultracel de 30kg et fibre de 100gr avec velours.
- Châssis d'assise préparé avec des sangles NEA de 80mm.
- Châssis de dos préparé avec des sangles NEA de 60mm et mousse HR Ultracel de 30kg et mousse HRSS Ultracel de 30kg.
- Bras: structure en bois recouverte de mousses de 60kg, HR Ultracel de 30kg et HRSS Ultracel de 30kg.
- Coussin d'assise: mousse HR Ultracel de 30kg recouvert d'une housse coton capitonnée de FiberDream (microfibre toucher duvet).
- Coussin de dossier: housse coton avec FiberDream (microfibre toucher duvet).
- Pieds: en hêtre teinté naturel, noyer, anthracite ou wengué plus.
- Housse de tête et de pouf, capitonnée avec fibre de 150gr.

### CUIR

- Structure fixe et coussins déhoussables.
- Housse de tête et de pouf non réalisable en cuir.
- Le reste des caractéristiques techniques est identique à la version tissu.
