El sistema interior permite una perfecta sujeción de la lámpara y una rotación de hasta 40°, ofreciendo así una gran versatilidad para ajustarse a diferentes ángulos.

Its built-in system allows the perfect attachment of the lamp and an almost 40° rotation, making it highly versatile and adjustable to different angles.

Le système intérieur permet une fixation parfaite de l'ampoule et jusqu'à 40° de rotation, pour plus de polyvalence et de facilité d'adaptation à différents angles.

Mit dem Innensystem lässt sich die Lampe sicher befestigen und um bis zu 40° drehen und damit flexibel ausgerichtet werden.
