

Fire Rondo Automatic Remotely Controlled

Technical Info

Smart Home System

EN

Features:

Flame size regulation
Remote control
Smart Home system integration
Shock proof
LED display
Self-regulating
Indoor use

Finish:

Burner:
stainless steel

Technical data:

Minimum room size: 104 m³ / 3673 ft³
Burner capacity: 5 L
[US] 0,8 - 1,3 gal / [UK] 0,7 - 1,1 gal
Burning time: 10 h
Net weight: 20 kg / 44 lbs

FR

Caractéristiques:

Régulation de flamme
Télécommande
Système domotique
Résistant aux chocs
LED display
Auto diagnose
Pour l'intérieur

Finition:

Brûleur:
acier inoxydable

Données techniques:

Surface minimale de pièce: 104 m³
Capacité: 5 L
Durée de combustion (environ): ~10 h
Poids net: 20 kg

IT

Caratteristiche:

Regolazione fiamma
Telecomando
Integrazione con Smart Home System
Sensore d'urto per spegnimento
automatico camino
Display a LED
Autodiagnosi
Per uso interno

Finiture:

Bruciatore:
acciaio inossidabile

Dati tecnici:

Area minima di installazione: 104 m³
Capacità del bruciatore: 5 L
Autonomia: ~10 h
Peso netto: 20 kg

DE

Produktbeschreibung:

Regulation der Flammengröße
Fernbedienung
Smart Home System Integration
Schockfest
LED display
Autodiagnose
Für Innenbereich

Ausführung:

Brennkammer:
Edelstahl

Technische Daten:

Minimale Raumgröße: 104 m³
Fassungsvermögen der Brennkammer: 5 L
Brenndauer (ca.): ~10 h
Netto Gewicht: 20 kg
