

SAOLA

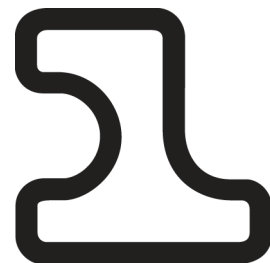

DESIGN: JOACHIM NEES, 2014

~ SOFT SUPPORT IN ANY POSITION ~

Saola from Leolux is a very complete swivel armchair with compact dimensions, soft cushions and refined details. With the wireless remote you control the movements of the back and seat independently of one another. And to fine-tune your comfort, the two little ears on the headrest offer a handy grip.

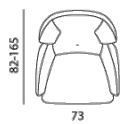

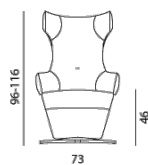

- The extra-long footrest makes Saola ideal for taller users.
- Four-spoke swivel base in brushed stainless steel or in lacquer.
- Available with power cord and as a rechargeable version (option).
- Extra comfort option: seat height +2 cm.
