Design Armchair Silene

A cheerful little swivel armchair with a powerful retro look: Silene. Varying the colours of the body, the seat cushion, the swivel foot and the embroidery makes all kinds of lively combinations possible. Or you go for a really chic single colour finish. That's an option too of course. There's a matching footstool for extra comfort. Are you taller than average? Then take advantage of the height option.

Features

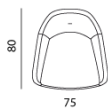

- Compact swivel armchair with a softly sprung back.
- Swivel foot as standard in polished aluminium. Also available in Leolux lacquer and epoxy colours.
- Extra comfort option: seat height + 2cm.
- ?Matching footstool available.
