~ UNRIVALLED SENSE OF FREEDOM ~

Guadalupe

Whether you are watching a film, browsing on your tablet or just thinking about new destinations: Guadalupe by Leolux is the ideal place for daydreaming. Relax, and be transported to the dream world you reverie takes you to.

Like gently rounded, colourful islands, the Guadalupe elements by Leolux enhance your interior. In a small setting like a sofa or in add-on variants which enable you to create any conceivable arrangement – from straight line to circle. Designs which reflect your own insights about the use of colour and conforming to the space you have available. The combination of unique forms and colour combinations make this a unique product which can be personalised completely with all the material options offered by Leolux. With varying seating depths to accommodate the life you lead.

Besides providing comfort and ornamental mini-sleds, Christian Werner gave his Guadalupe unique characteristics which constantly create the ultimate challenge for the craftspeople at Leolux: curves flowing

Features

- Available as sofas and add-on elements, with two matching poufs.
- For each sofa or element, you choose one or two types of upholstery and/or colours.
- The round forms ensure that the colour accents between two elements remain visible.
- The polished aluminium mini-sleds enhance without being overly prominent. They are available as options in all Leolux lacquer and epoxy colours.

naturally into each other and upholstery with a lovely touch of nonchalance. If desired, you can give your Guadalupe interesting colour combinations which provide unusual accents where the elements join.
