

Earth, Wind, Fire

Gino Carollo

Earth, Wind, Fire come with two-tone fabric or leather upholstery: the insert is emphasised by contrasting stitching which enhances the visual impact and the decorative appeal of the accessories. The frame is made of wood and polyurethane foam. The originality of each element is accentuated by the combination with the other two poufs, which generates a host of different composition solutions.

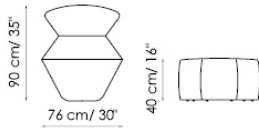

UPHOLSTERY:

fabric

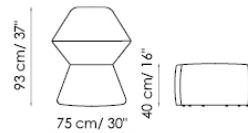

leather

*Earth, Wind, Fire are sold separately
