

NEMO

Linescapes System

NEMO STUDIO

Linescapes is a modular system that is completely changing the approach to high performance diffused direct and indirect lighting. The singular modules are connected by quick moulded ABS connectors, which enable rapid jack installation and a 360° rotation. The different elements allow the composition of continuous lines and edges, with a luminous efficiency and an excellent diffusion degree, through an opaline diffuser in polycarbonate. The system has been studied to provide user friendly maintenance. Nemo has efficiently solved the problem of replacing LED built-in sources, whereby the single lighting elements can be easily changed.

Linescapes System

NEMO STUDIO

LIGHTING BAR 170cm

Lamping

Source	linear LED
Total power	40W
Emission	diffused, orientable 360°
Tension	24V DC
Color temperature	3000K
Luminous flux	3970lm
Typ cri	80
Energy class	A+
Materials	aluminium + PC + ABS

Codes
