

AJ Royal

Design:

Arne Jacobsen

Concept:

The small version (Ø370) was designed to be suspended high up. The light is therefore diffused through an acrylic opal base plate to ensure 100% glare-free light. The slightly larger version (Ø500) was designed to be hung at low height. The original incandescent version of this size was therefore not fitted with a diffuser. The open rings at the top faintly illuminate the fixture.

Finish:

White, wet painted.

Material:

Shades: Spun aluminium. Rings: Steel.

Mounting:

Suspension type: Cable 3x0,75mm². Canopy: Yes. Cable length: 3m.

Weight:

Max: 2.9 kg

Class:

Ingress protection IP20. Electric shock protection I w. ground.

Info notes:

Converter required for 1-10V signal. Find energysaving alternative light sources on www.louis Poulsen.com.

Specification notes:

100W E27 only available for Ø370. 1+3x100W E27 only available for Ø500. Incandescent versions with textile cable. The innovation of light sources is ongoing. Consequently we only inform about the max. wattages. On www.louis Poulsen.com we update a list of recommendable light sources.
