decori trasversali

Matching decors

Tutti i **Decor** **Trasversali** sono realizzati in **tecnica semiartigianale**. I diversi smalti, utilizzati per la realizzazione degli stessi, hanno infatti caratteristiche di superficie particolari, pertanto ogni effetto di irregolarità è da considerarsi come **caratteristica di pregio del decoro**. Per la posa raccomandiamo una **miscelazione random dei pezzi**, per ottenere il risultato estetico migliore.

All **Matching Decors** are made using a **semi-artisan technique**. The various enamels used have distinctive surface characteristics, so any uneven effects are to be considered a **sign of a quantity decorative element**. When laying we recommend **mixing the pieces randomly** for best results.
