La base di questo originalissimo tavolo è formata da due "onde" che sembrano ricreare i delicati petali di un fiore. Dolci linee che sorreggono un piano importante, che può essere in vetro fumé bisellato o in ceramica in due dimensioni diverse.

The base of this very original table is formed by two "waves" that seem to create the delicate petals of a flower. Soft lines to support a significant top that is available in bevelled smoked glass or in ceramic and comes in two different sizes.
