

EXPLICACION DEL MODELO

Placer multisensorial

Rafa García se ha colgado el mandil de repostero para ofrecernos una de sus recetas más dulces, **Mousse**, un amplio programa modular de asientos para el placer de los sentidos.

Purista en sus formas y de equilibradas proporciones, a la vista queda patente su dulce carácter gracias a sus suaves volúmenes, marcando un cariz atemporal más allá de modas efímeras.

Su sentada, de esponjoso y mullido tacto, es su rasgo distintivo pues emula esa textura de diminutas burbujas tan característica del popular postre. Además, al igual que él desde fuera aparenta un compacto bloque que se desvanece tan pronto lo pruebas. Mousse es una invitación a dejarse llevar y atrapar, transformando la acción de sentarse en una experiencia de descanso y sosiego única. Sus almohadas accesorias ayudan a potenciar esta sensación.

Otro aspecto que lo hace singular es la gran modularidad disponible. Las 2 tipologías de módulos y chaises sumadas a las dos alturas de brazos, los numerosos pufs y los distintos terminales, dan como resultado una infinidad de posibilidades que permiten configurar composiciones lineales o angulares casi únicas, adaptándose a las necesidades de cada espacio.

Los detalles, discretos y sigilosos al oído, son precisos accesorios que suman identidad. Así pues, las patas suscriben la simplicidad formal del modelo, mientras que el hecho de poder lacarla en cualquier color aporta un extra de personalización. Mousse introduce también una mesita auxiliar y 3 tamaños de bandeja con 2 alturas distintas, que permiten ser colocados sobre cualquier elemento (brazo, respaldo o asiento) para aportar un extra de servicio. Un nuevo acabado denominado "craquelé" va a convertir en centro de atención las tapas de estos accesorios.

En cuanto a los tejidos disponibles, la oferta es casi infinita. Sin embargo, para su lanzamiento hemos realizado una cuidada y exclusiva selección entre los que destacan los muestrarios 121, 122 y 123, cuyos falsos lisos aportan movimiento y carácter al producto.

Una vez más, Rafa ha dado con la fórmula para elaborar una delicada propuesta y sorprender con gusto a los paladares de los más exigentes gourmets.

DESCRIPTION

A pleasure for all five senses.

Rafa García has put on his apron to offer us one of his sweetest recipes, **Mousse**, a wide ranging seating system to the delight all of the senses.

Purist in its forms and balanced proportions, the sweet character is expressed through subtle visual cues. A timeless look beyond ephemeral fashions.

The seat, fluffy and soft, emulates the texture of air bubbles so characteristic of the popular dessert. Mousse is an invitation to let go and be caught, transforming the action of sitting into an experience. The snug fibre and foam interior cocoons us and absorbs the din of contemporary living, much to the relief of our ears. The scatter cushions help to enhance this feeling.

Another aspect that makes the Mousse unique is the varied array of modular elements available. Two types of modules and chaises with two arm heights, along with different poufs and terminals, offer unlimited possibilities to configure linear or angular compositions. This, coupled with an extensive selection of fabrics, means that the Mousse can fit into a wide range of interiors.

The accessories and details add identity to this model. The Mousse includes an auxiliary table and three tray sizes with two different heights, which can be placed on any element (arm, back or seat). A new finish called "craquelé" helps to set these pieces apart. The innovative foot design can be lacquered in any colour, providing extra personalization.

The choice of upholstery fabrics is almost endless. However, for its launch we have made a careful and exclusive selection, highlighting the vibrant samples books 121, 122 and 123, false plains that provide the product with a sense of movement and character.

Once again, Rafa has found the formula to cook up a delicate creation for the most demanding palates.
