

PEDRALI[®]
THE ITALIAN ESSENCE

ELINOR 3755

DESIGN:
CLAUDIO BELLINI

The executive chair Elinor incorporates the different attitudes and approaches to office life looking to the future. Comfort and body-hugging feeling, thanks to the polyurethane injected foam seat and back, are its strong points. A weight-activated synchro-tilt mechanism integrated in the upholstered seat allows the tilting to be self-regulated according to the user's body weight, ensuring that the back is kept in the most comfortable position. A light, slimline, strong armrest in die-cast aluminium defines the base of the backrest with its flowing line.
