2016 (CREATION & EDITION)

“Suspendus au plafond, en groupe ou à l’unité, ces luminaires nous rappellent malicieusement des saucisses accrochées à une barre à crochets chez un charcutier. Et un naïf envol de ballons quand elles s’illuminent. Leur transparence révèle le contour de leurs différents dessins et permet à la lumière de se diffuser au travers de ce matériau magique et fascinant.”

“Suspended from the ceiling, in groups or alone, these lights playfully remind us of the strings of sausages we see hanging in traditional butchers or...the innocent flight of a party balloon. Their transparency reveals the contours of their different designs and allows the light to diffuse through this magnificent and fascinating material”

SO-SAGE EST LA NOUVELLE HISTOIRE IMAGINÉE PAR SAM BARON ET PETITE FRITURE. CELLE DE SAUCISSES DE VERRE SUSPENDUES COMME CHEZ UN CHARCUTIER, DE TAILLE ET DE FORME DIFFÉRENTES, QUI S’ILLUMINENT MALICIEUSEMENT GRÂCE À UN POINT LUMINEUX EN LÉVITATION. CHACUNE EST UNIQUE. RÉALISÉES EN BOROSILICATE, LES SO-SAGE S’ASSOCIENT PAR TROIS, CINQ OU VIVENT LEUR VIE DE SAUCISSE TOUTE SEULE.

SO-SAGE IS THE NEW STORY INVENTED BY SAM BARON AND PETITE FRITURE. THEY APPEAR LIKE GLASS SAUSAGES HANGING AS THEY WOULD IN A TRADITIONAL BUTCHERS, OF DIFFERENT SIZES AND FORMS, THAT ILLUMINATE MISCHIEVOUSLY THANKS TO A LEVITATING LIGHT. EACH IS UNIQUE. CREATED IN BOROSILICATE THE SO-SAGE COME IN THREES, FIVES OR LIVE THEIR LIFE AS A LONE SAUSAGE.
