Menù

Designer: Bartoli Design

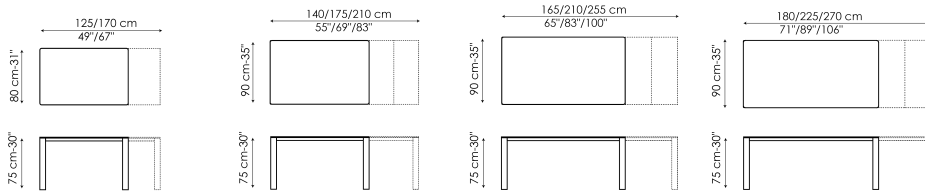

The Menù table is dedicated to times of pleasure and conviviality and is very useful for those who are always ready to add places to the table. The outcome of formal research focused on archetypical simplicity, made of minimum thicknesses, multipurpose formats and ingenious solutions, Menù is perfect as a dining table. It can be extended depending on

requirements, thanks to the practical, independent manual extensions that allow the surface to be extended. Simple in the shapes but versatile in the materials and sizes, Menù has painted metal legs and top available in different finishes of matt lacquered wood, glass or ceramic.
