Paper Chandelier

STUDIO JOB

Did the idea of paper furniture ever strike your mind? Paper, cardboard and papier-mâché are familiar to all of us. They bring back memories of kindergarten and our first experiences of making things. Inspired by classic icons but manufactured like modern day furniture, this furniture collection is an ode to classical style and to the material.

Detailing

Designed by Studio Job, the Paper Chandelier is made of paper, cardboard and paper maché.

Dimmer

For fluent dimming behaviour we advise a dimmer that is compatible with the following specs.

Please note the functioning of the dimmer and the power supply combination can never be predicted, it always needs to be tested in practice.

DIMMER TYPE

Mains dimmable with compatible light source
