

BONALDO

Blend

Designer: Giuseppe Viganò

Blend is characterized by the attention to details in the processing of its composing materials: leather and fabric. The linearity of the perimeter structure covered in emery leather balances and adds value to the upholstered part, creating a rigorous line that widens upwards from the bottom, merging with a sinuous and welcoming curve that leads back

inwards. The overall effect is that of a solution characterised by an elegant image and a soft composure. A strong, distinctive element that can be appreciated from all angles gives this collection rigour and softness: the emery leather structure frames the cushioning and allows it to develop visually even further.
