

Aurelia S 45

Patrick Jouin, 2021

Aurelia is an elegant object made of spun metal and hand-blown glass. Dual, user replaceable LED light sources (available in 2700K and 3000K) can be controlled independently, creating soft direct light and surprisingly unexpected reflections of indirect light. Smart disassembly system to remove the glass diffuser for quick and easy cleaning. **Patrick Jouin:** <https://www.leucos.com/en/designer/patrick-jouin/>
